For further information on the Asset Manager is available at <https://anchorcapital.co.za/>.

### Initial Listing

There is a total of 1,000 Securities that will be listed on the listing date.

Subscriptions for the Securities after the initial introduction are subject to the terms and conditions and procedures described in the Programme Memorandum.

### Net Asset Value (NAV)

The Net Asset Value (NAV) will be determined as described in the Programme Memorandum. The Manager will publish the daily NAV on its website at <https://etfs.easyequities.co.za/easyetf-instrument-page/aageetproducts>.

In addition to being available on the Manager's website, the NAV will also be shown in the daily Portfolio Composition File (PCF) and published in the quarterly factsheet, in accordance with the Act and the DSS Requirements. The monthly factsheet and daily PCF will be available on the Manager's Website at <https://etfs.easyequities.co.za/easyetf-instrument-page/aageet>.

### The Market Maker

The Manager has appointed Jane Street Financial Limited ("Jane Street") as the Market Maker. The Manager confirms that the Market Maker is independent from the AMETF and the Manager. The Market Maker will endeavour to provide and maintain a reasonable bid price (the price at which investors can sell) and offer price (the price at which investors can buy) through the central trading book of the JSE, subject to conditions set out in the Market Making Agreement.

The Manager confirms that the necessary procedures are in place to ensure that the Market Maker will only provide liquidity in the market based on information available in the public domain to comply with the provisions of the Financial Markets Act 19 of 2012.

The JSE may, at its discretion, relieve the Issuer and the Market Maker from their responsibility to maintain a reasonable bid and offer in certain circumstances, including (but not limited to):

- when there is no bid and offer in the underlying market, or
- when the issuer is experiencing technical difficulties.

Such relief may apply for a specific period or for a particular issuance of securities.

The Anchor EasyETFs Aspirant Global Equity AMETF will invest in sufficiently liquid securities, and the Market Maker is duly appointed in terms of the DSS Requirements to maintain liquidity in the secondary market.

The Manager will publish an announcement on SENS, if the liquidity provisions have been changed.

## Secondary Market Trading

Securities may be traded in the secondary market on the JSE and need not be traded in any minimum number.

The PCF will be published on the Manager's Website daily at <https://etfs.easyequities.co.za/easyetf-instrument-page/aageet> and will be used by the Market Maker to determine the prices that it will buy and sell securities in the secondary market.

## Distributions

## 7. Management and Other Fees

The Manager has determined that the management fee charged will be a basic fee designed primarily to recover costs related to the direct operational management of the Portfolio, subject to a maximum fee of 0.70% (seventy basis points) (VAT exclusive) per annum.

The Manager is entitled to a management fee per calendar month calculated as follows:

$$\frac{D \times 0.7\%}{365} \times N$$

Where:

D = the daily market value of the total assets of the Portfolio excluding income accruals and permissible deductions, if any and

N = number of days in the month in question; or

Any lower amount nominated at the Manager's discretion.

The management fee is accrued daily and is accordingly based on the daily market value of the total assets of the Portfolio over each Accounting Period.

The Manager may change any charge for the Portfolio, introduce additional charges or change the method of calculation of any charge that could result in an increase in charges, provided that:

- not less than 3 months' written notice has been given to every Investor by notification through SENS and on the Manager's website; and
- the necessary amendments to the supplements of the EasyETFs Scheme have been affected in consultation with the FSCA and the JSE.

In addition, the Manager may charge a creation fee or a redemption fee in connection with the expenditure incurred and administration performed by it in respect of the creation, issue and sale or repurchase of the Securities. The Manager may at any time in its discretion waive or rebate any fee and/or redemption fee (or any portion thereof), in respect of all Investors, any category of Investor or any Investor.

### Total Expense Ratio

The total expense ratio ("TER") of the Portfolio reflects the percentage of the average NAV that was incurred as charges, levies and fees related to the management of the Portfolio. It is an annualised figure which will be calculated every quarter and published as required.

The TER will be published at <https://etfs.easyequities.co.za/easyetf-instrument-page/aageet> once it is available.

### Transaction Cost
