## The Market Marker

The Manager has appointed Jane Street Financial Limited ("Jane Street") as the Market Maker. The Manager confirms that the Market Marker is independent from the AMETF and the Manager. The Market Marker will endeavour to provide and maintain a reasonable bid price (the price at which investors can sell) and offer price (the price at which investors can buy) through the central trading book of the JSE, subject to conditions set out in the Market Making Agreement.

The Manager confirms that the necessary procedures are in place to ensure that the Market Maker will only provide liquidity in the market based on information available in the public domain to comply with the provisions of the Financial Markets Act 19 of 2012.

The JSE may, at its discretion, relieve the Issuer and the Market Maker from their responsibility to maintain a reasonable bid and offer in certain circumstances, including (but not limited to):

- when there is no bid and offer in the underlying market, or
- when the issuer is experiencing technical difficulties.

Such relief may apply for a specific period or for a particular issuance of securities.

The Cartesian EasyETFs Balanced AMETF will invest in sufficiently liquid securities, and the Market Maker is duly appointed in terms of the DSS Requirements to maintain liquidity in the secondary market.

The Manager will publish an announcement on SENS, if the liquidity provisions have been changed.

## Secondary Market Trading

Securities may be traded in the secondary market on the JSE and need not be traded in any minimum number.

Although a Market Maker has been appointed, there can be no assurance that active trading markets for the securities will develop, nor is there a certain basis for predicting the price levels at which the securities will trade.

The PCF will be published on the Manager's Website daily at <https://etfs.easyequities.co.za/products> and will be used by the Market Maker to determine the prices that it will buy and sell securities in the secondary market.
